

Supported by the EU-funded project

TROPICAL AGRICULTURE PLATFORM and CAPACITY FOR CHANGE

Common Framework on Capacity Development
for Agricultural Innovation Systems (CD for AIS)

On behalf of TAP & CDAIS Partners

Christian Hoste, Chair

Tropical Agriculture Platform facilitated by FAO

Capacity needs in the Tropics: the G20 establishes TAP

- Low and lower-middle income countries, which are mainly located in the tropics, often **lack capacities to support agricultural innovation**;
- To address this gap, the G20 launched the Tropical Agriculture Platform;
- **With more than 40 partners, TAP is a multilateral facilitation mechanism to promote greater coherence and impact of CD for AIS;**
- The **TAP Action Plan** is based on **regional needs assessments** (CIAT, FARA, SEARCA) carried out in 2013;
- Since 2015, the TAP Action Plan is supported by the EU-funded Capacity Development for Agricultural Innovation Systems project for global and country results.

TAP major milestones

- Informal Stakeholder Consultation, Rome
- TAP launched at G20 MACS, Mexico
- TAP partners meeting, GCARD, Uruguay

- EU funds mobilized (CDAIS by Agrinatura & FAO)
- TAP Global Task Force & CD Expert Group launched
- Virtual TAP PA

- TAP PA & CDAIS meeting & approval of TAP CF
- TAP CF at GCARD3, G20 MACS
- IARC adopted CF
- TAPipedia α -version
- E-conference & symposium

2012

2013

2014

2015

2016

- Regional needs assessments
- TAP Inception Workshop & TAP Partners Assembly (PA), China

- CDAIS project launched to support implementing TAP Action Plan
- Common Framework (CF) for Capacity Development developed
- Design of TAPipedia in progress

The Problems at stake

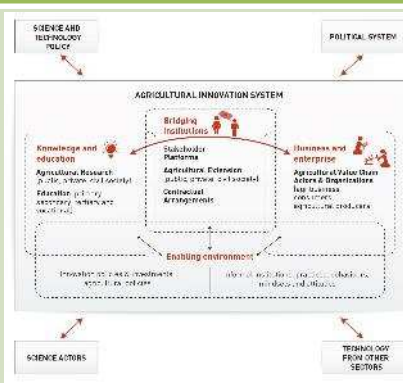

The **regional needs assessments** (CIAT, FARA, SEARCA) carried out in 2013, confirmed that interventions that aim to fill gaps in capacity in agricultural innovation in tropical areas are confronted with a broad set of problems:

	Situation	Major constraints	Resulting problems
Planning phase	Lack of planning tools	Inadequate analysis of capacity development (CD) needs	Do not match the CD needs
Implementation	High number of donor-led initiatives	Small scale interventions mostly focus on individual training	Little impact on AIS capacities
Governance	Lack of coordination mechanism	Insufficient alignment with other interventions & policies	Current initiatives are poorly coordinated

Global coherence of CD approaches for AIS

**Advocacy and
policy dialogue**

**Common
Framework
on CD for AIS**

**TAPipedia
knowledge hub**

TAPipedia knowledge hub:

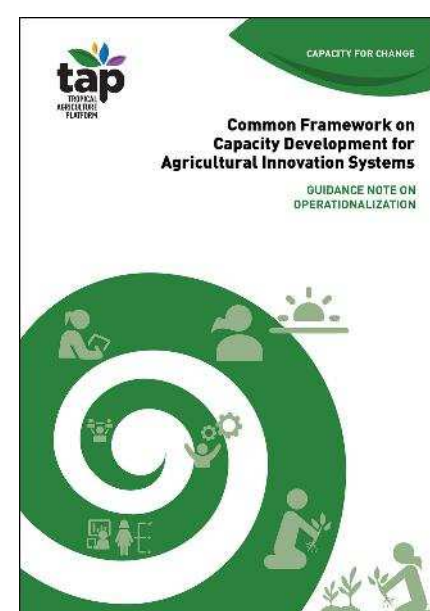

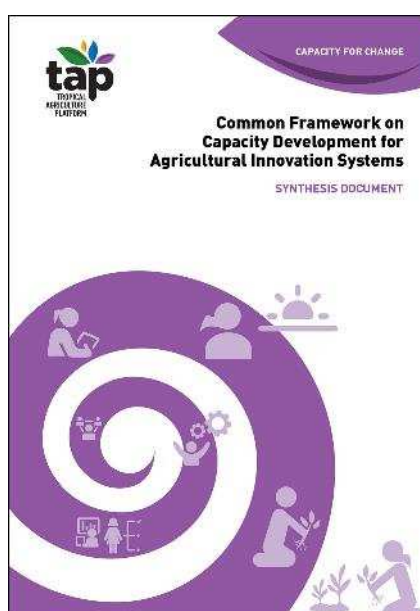

- allows Partners and other stakeholders to share their CD for AIS resources and initiatives;
- presents, explains and promotes the TAP Framework, including learning modules.

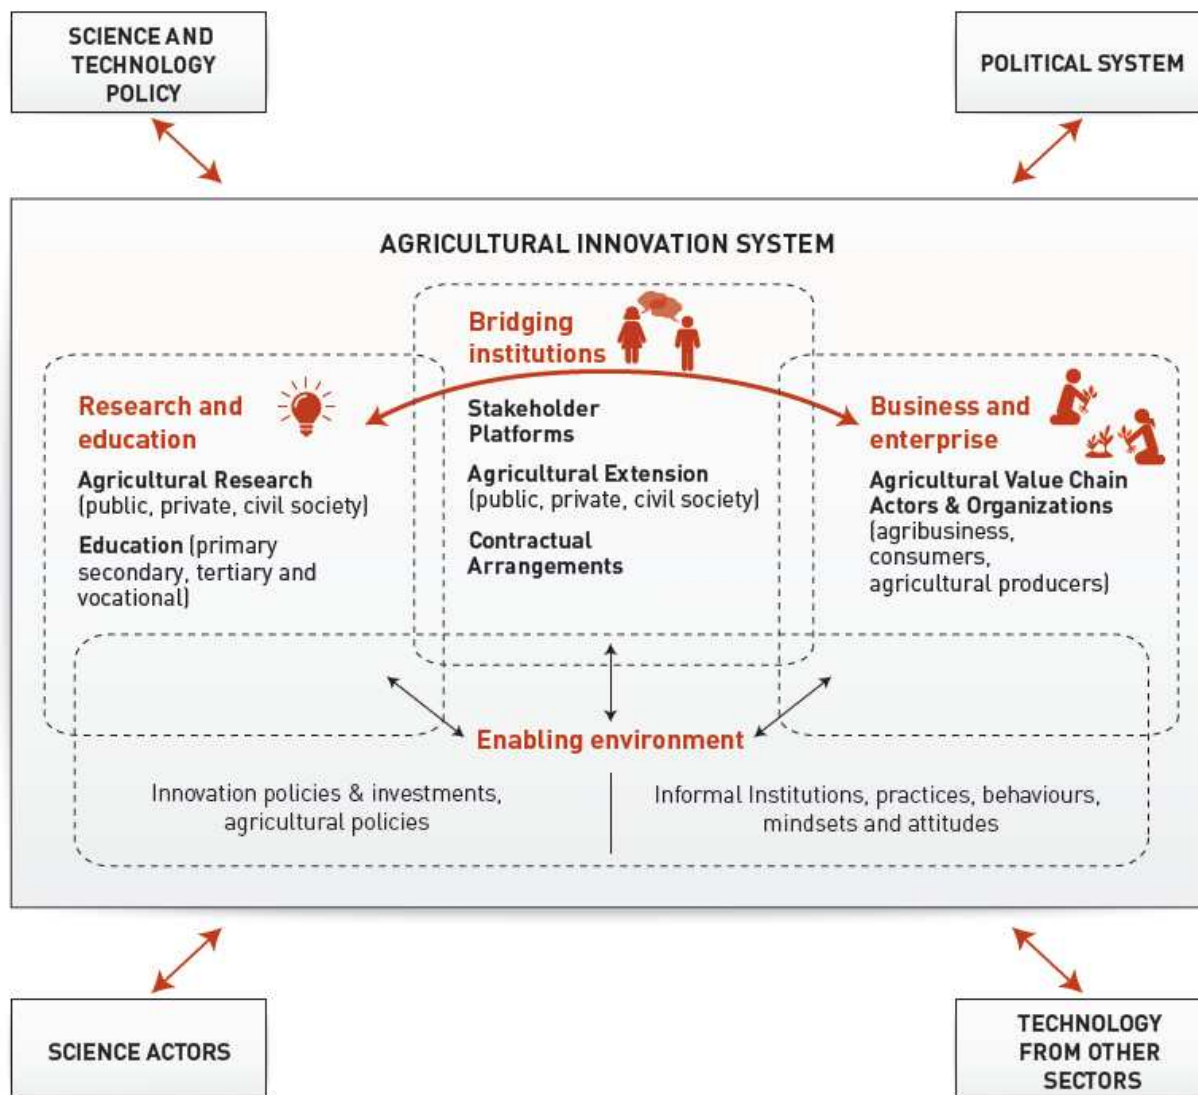

The TAP Common Framework

Framework Products

1. Review Report: Review of existing resources on CD for AIS
2. Conceptual Background: Theory, concepts, principles, definitions
3. Synthesis: Summary of Conceptual Background
4. Guidance Note on Operationalization: Approach and tools

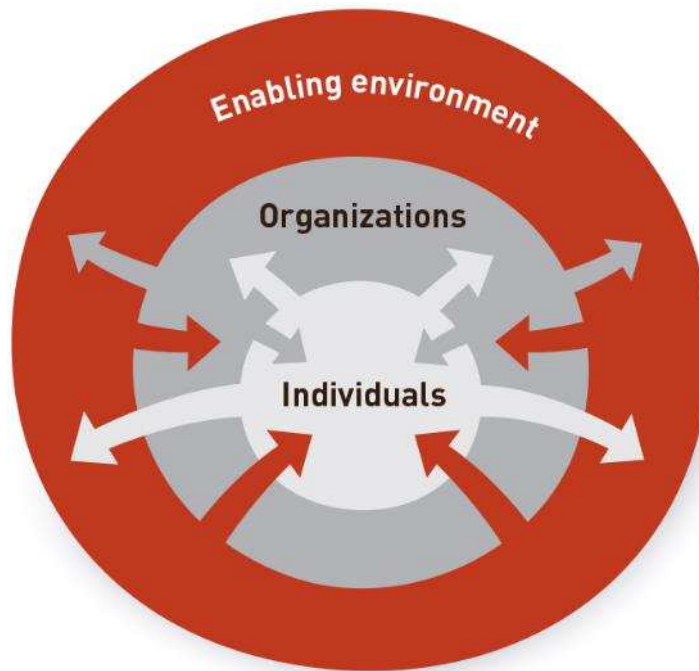

Agricultural Innovation System (AIS)

The Common Framework promotes a **system perspective** on agricultural innovation, since agriculture increasingly involves complex interactions among stakeholders at multiple levels.

Dimensions of Capacity Development

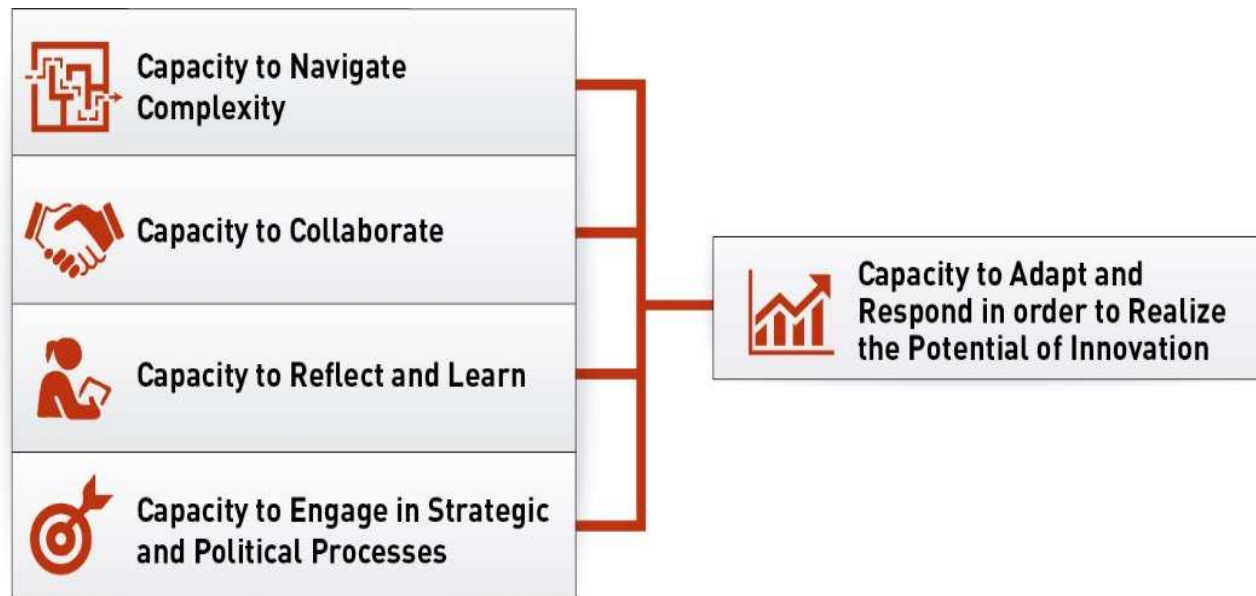

The Framework recognizes **3 CD DIMENSIONS**
(individuals, organizations, enabling environment)

The CD dimensions are interdependent and must be addressed together. The Framework pays special attention to the **enabling environment**.

Functional capacities

The Common Framework identifies **4 + 1 key capacities** for AIS to perform effectively. These apply to all three dimensions of CD.

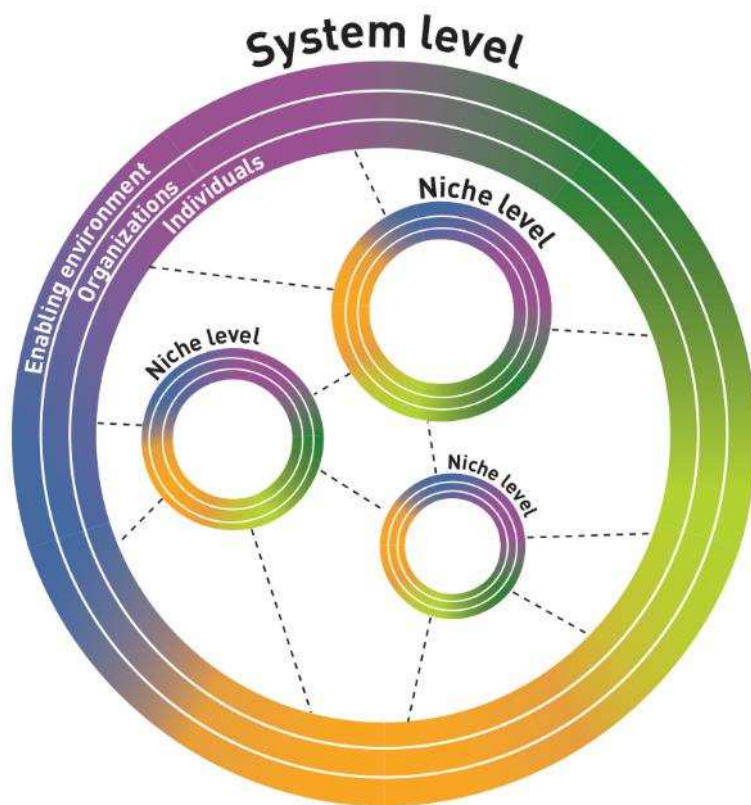

The 4 capacities on the left are the core of an overarching capacity to **adapt and respond in order to realize the potential of innovation.**

Functional capacities

The key capacities in detail			
 Navigate Complexity	 Collaboration	 Reflect & Learn	 Engage in Strat. & Polit. Process.
System thinking Multi-stakeholder analysis Gender & diversity Nutrition Learning from past experiences	Team building Conflict resolution Incentives for collaboration, networking, partnerships Create enthusiasm & shared responsibility	Tracking change processes Encouragement to reflect and learn jointly and to try new approaches Use participatory M&E processes	Understanding political & decision making processes Building partnerships across organizations Influencing decision-making processes

Dual pathway

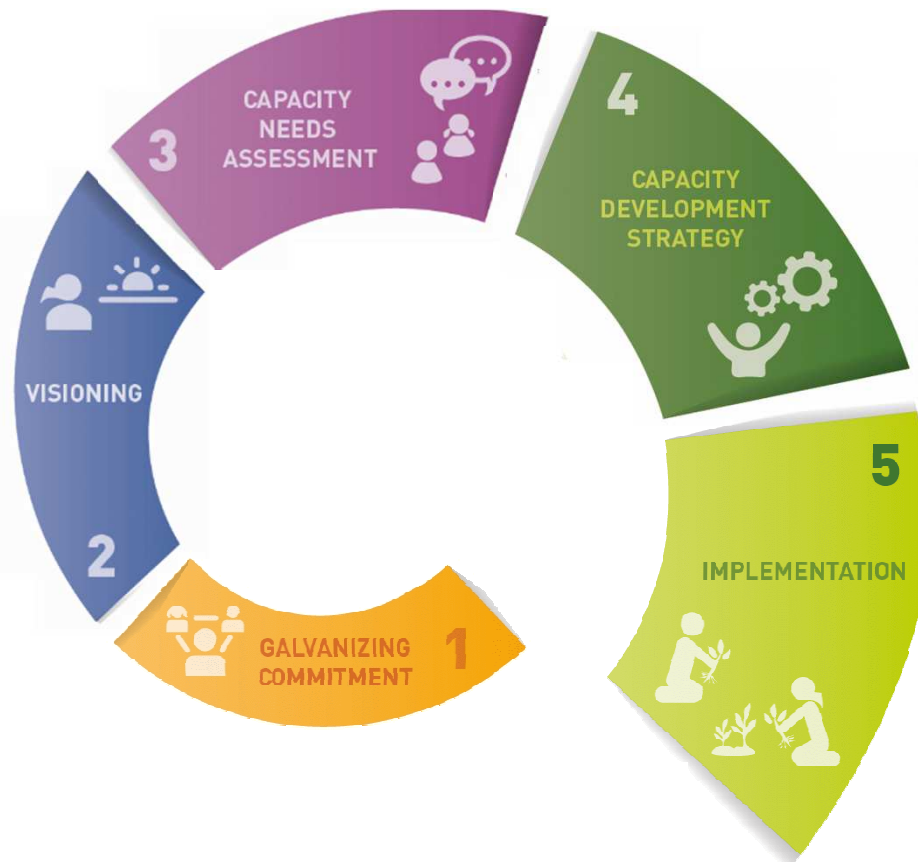

The Common Framework proposes a dual pathway approach to CD for AIS. This conceptual approach includes two aggregated processes: at **system level** and at **innovation niche level**.

System level: the focus is on the functionalities and performance of the system as a whole.

Innovation niche level: CD takes place around specific innovation agendas, in which actors of all types allocate time and resources to achieve change.

The CD for AIS Cycle

- The Framework proposes a **CD CYCLE** in **5 STAGES** for the operationalization of CD interventions in AIS.
- The CD cycle stimulates learning and interactions between the 3 CD dimensions.
- Key elements:
 - ❖ Facilitation
 - ❖ Reflection, Learning and Documentation
 - ❖ Monitoring and Evaluation

Applying the Common Framework in countries

Through the EU-funded project on Capacity Development for Agricultural Innovation Systems (CDAIS) implemented by Agrinatura and FAO in close collaboration with national organizations from 2015-2018.

Africa:

**Angola, Ethiopia,
Burkina Faso, Rwanda**

Asia:

Bangladesh, Laos

Central America:

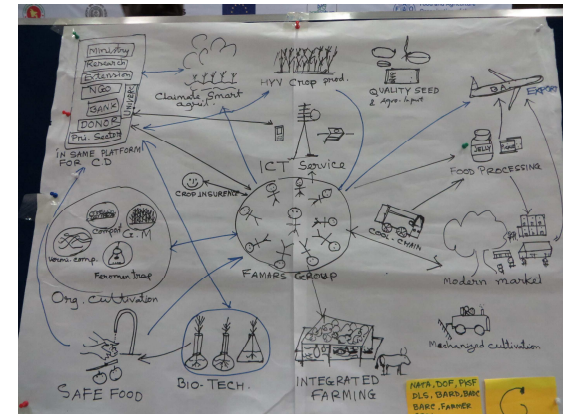

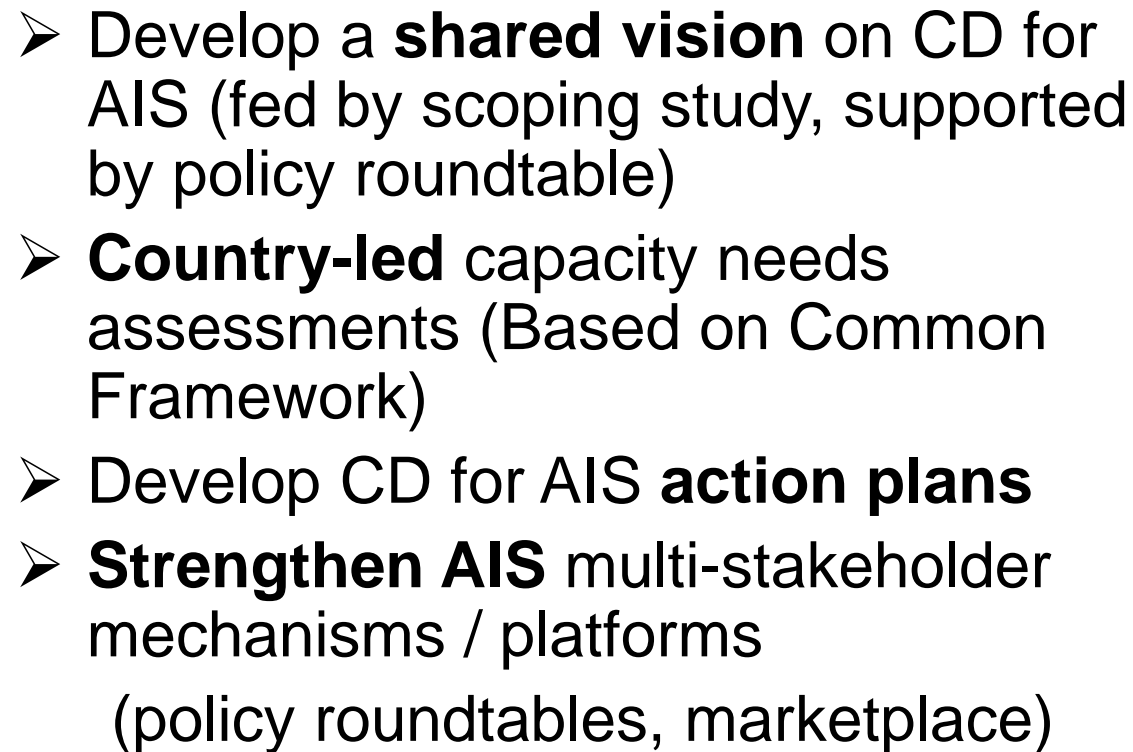

Guatemala, Honduras

What is expected after 4 years in countries?

1. **CD needs** for strengthening AIS in 8 pilot countries are **defined accurately.**
2. **CD interventions** in AIS within 8 pilot countries and around priority themes and selected value chains are **demand-driven and efficient.**

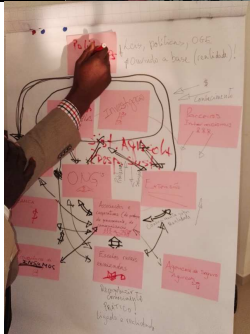

Country level activities

TAP Framework applied in eight countries

Inception workshops in Africa

30 niches
identified

17 niches identified

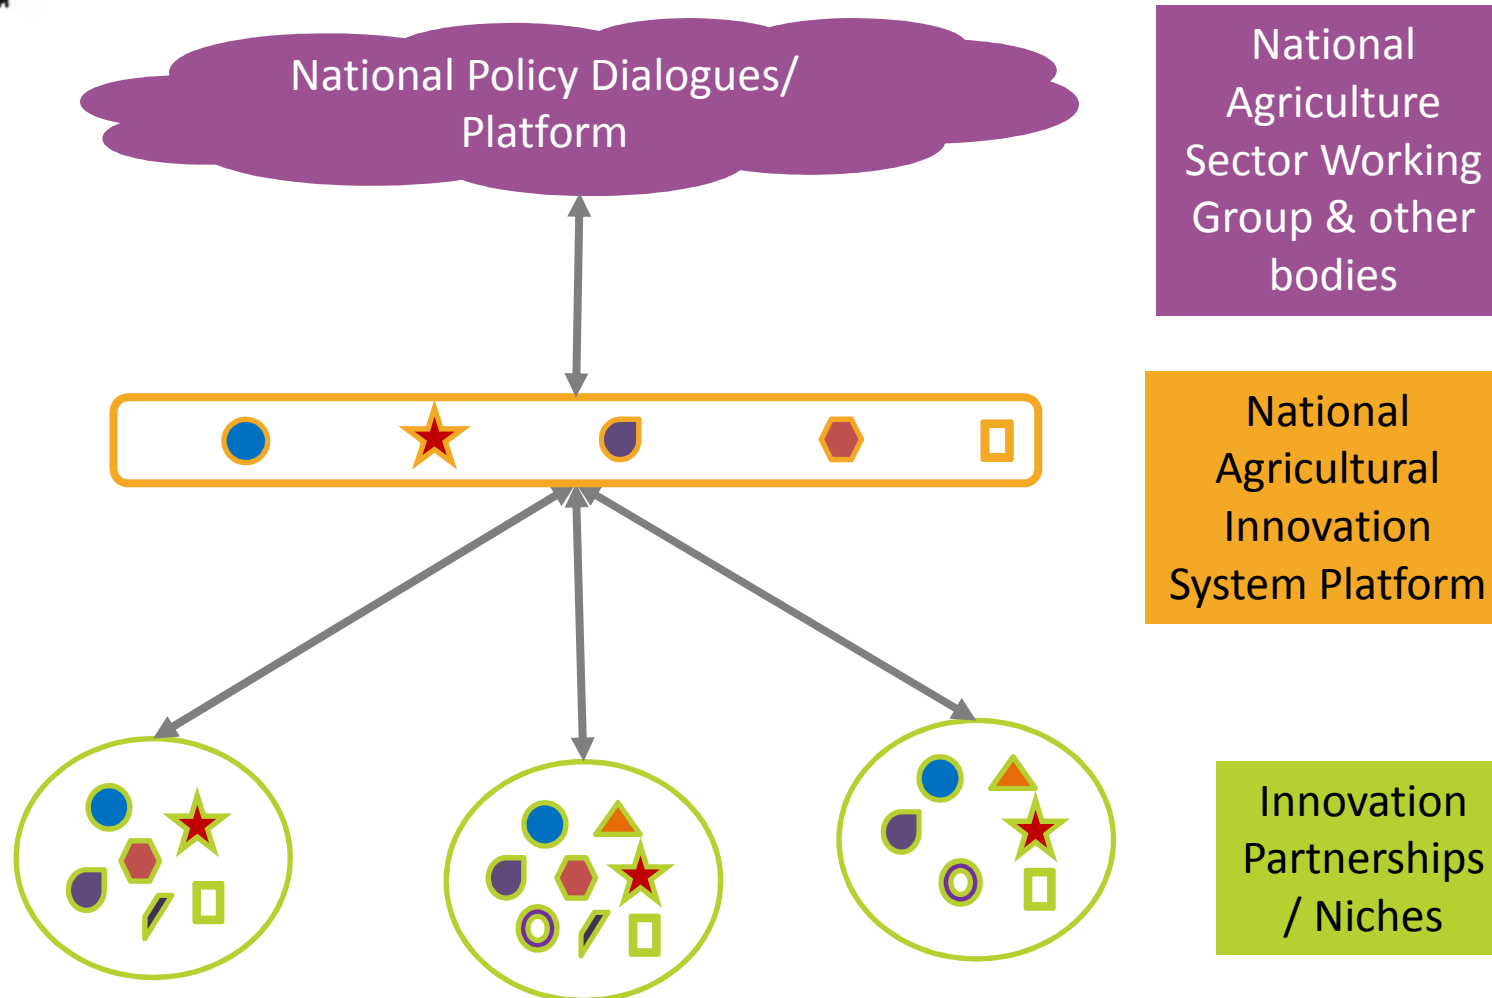

10 niches pre-selected

5 niches selected

Influencing Policies

Assessment of Capacity Development Needs

Pilot of Needs Assessment Methodology Farmers' Group in Xanakham district, Lao PDR

Thank you!
