

India

Second most endangered country for **climate change**,
But big will for mitigation

China

Myanmar: More than 50 years under dictatorship. Now a lively democracy !

Huge civil society :
cooperatives, peasants unions, CBOs...

Bangladesh

One of the biggest biodiversity in the world but no idea of how to promote

Laos

Before, least budget in education and agricultural research,
But now they are priorities for the new government...
Let's see & lobby !

Lack of cooperation among govt agencies, NGOs, CBOs, Businesses, But times are changing fast !
